Getting there

The best way to get to Tallinn

The best way to arrive is via [Tallinn Airport](#). Tallinn Airport is located near the city center and is easily accessible by public transport.

From the airport to the city center

There is a **tram stop next to the airport**: turn left after exiting the baggage hall and walk through the long gallery that connects the terminal and the tram stop.

Tram no. 4 runs regularly to the city center. **The tram driver does not sell tickets.** For a single trip you can buy a ticket at the ticket machine in the tram waiting hall. Please see about other options [how to buy a public transport ticket](#) (on internet or with bank card in the tram).
